DETAILED ACTION

Claim Objections

Claims 60-65 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claims 60, 61, and 64, are dependent on cancelled claims 37-38.

Claims 62-63 and 65 are included for their dependence on claims 61 and 64.

The following is a statement of reasons for the indication of allowable subject matter: the prior art of record, taken alone or in combination, fails to disclose or render obvious in a system for aligning one plane or pulley with a second plane or pulley that includes, displaceable contact points, an arm rotatable connected to the main part, indicator devices on the second plane, or pulleys with indicator devices, in combination with the rest of the limitations of the claims.

Conclusion
